FALL

Health Tips

Schedule an annual exam

Autumn is a great time to schedule an annual exam, especially if you haven't seen your doctor in a while or have any health concerns. Your doctor can check your vital signs, screen for conditions, and update your vaccinations during the visit.

Make lifestyle changes

Such as adjusting your diet or starting an exercise routine, to enhance your overall health and lower your risk of chronic conditions.

Enjoy seasonal foods

Seasonal fruits and veggies, like apples, pears, pumpkins, squash, sweet potatoes, and leafy greens, are fresher and more nutrient-dense. Adding them to your diet boosts your vitamins, minerals, and antioxidants.

Get enough sleep

As the season changes, you might feel tired earlier. To stay rested, maintain a consistent sleep schedule and aim for 7-8 hours each night.

Take care of your mental health.

Shorter days and cooler weather can cause sadness. If you feel down, connect with loved ones, join a support group, or talk to a therapist. Also, try stress-relief activities like meditation, gardening, journaling, painting, or yoga.

BEING FUN!

Kids who learn to love math gain confidence for a successful year. Mathnasium students learn from highly trained, caring instructors in a fun and engaging environment. As their ability to think critically and solve problems increases, they grow in confidence as well. They'll receive:

- A customized learning plan based on their individual needs and goals
- A variety of teaching techniques to accommodate how they learn best
- Games, activities, and rewards that inspire learning by raising the fun factor
