Ways to Prevent a Fall

Every 11 seconds, an older adult is seen in an emergency department for a fall-related injury. Many falls are preventable.

Stay safe with these tips!

Find a good balance and exercise program:

Look to build balance, strength, and flexibility. Contact your local ADRC for referrals. Find a program you like and take a friend.

Talk to your health care provider:

Ask for an assessment of your risk of falling. Share your history of recent falls.

Regularly review your medications with your doctor or pharmacist:

Make sure side effects aren't increasing your risk of falling. Take medications only as prescribed.

Get vision and hearing check annually and update your eyeglasses:

Your eyes and ears are key to keeping you on your feet.

Keep your home safe:

Remove tripping hazards, increase lighting, make stairs safe, and install grab bars in key areas.

Talk to your family members:

Enlist their support in taking simple steps to stay safe. Falls are not just a seniors' issue.

Give the Gift of Better Health for Loved Ones, Friends, and Yourself

Amazing News for Everyone Suffering with Neuropathy!

Is your life a **STRUGGLE** because you are suffering with the symptoms of **NEUROPATHY**?
Are your feet cold, numb or tingling?
Do you lose sleep because your feet or legs are cramping?
Do you walk hunched over?
Are you using a cane or a walker because your balance is so bad you may fall?
Do you have to depend on other people to help you do the things you used to do by yourself?
Does the pain in your legs or feet keep you from enjoying a walk with your dog, spouse or friends?

As a physician with 40 years of clinical experience, Dr Elisha Evans says, "I would have to say that the isolation & loss of independence associated with neuropathy is the most heartbreaking thing that I hear from the people who come to our office for help. Due to my commitment as a physician to relieve human suffering, I continued my education & gained board certifications in functional neurology & **geriatric functional** medicine at Cleveland Clinic to ensure that the treatments we utilize to **RESOLVE** our patient's neuropathy symptoms are **safe, FDA approved & most importantly are EFFECTIVE!**"

Additionally, for patient convenience, & to ensure outstanding results, we have all the latest, highest quality, proven therapies available to **relieve** your pain, **regenerate** your nerves, **restore** your strength, **regain** your balance & **renew** your health - All under one roof. Our caring team of board-certified doctors & staff are committed to ensuring you receive the best care available in America today. Our mission is to treat & care for each & every patient the way we would want to be treated & cared for.

If you are ready to find out if you have neuropathy & how it can be safely resolved.....

CALL NOW 262-785-5515

to schedule your Complimentary 30-minute Consultation & Evaluation with one of our doctors.

New patients tell us our neuropathy program is, "**much more comprehensive**" & "**much more affordable**" than the other programs in the area.
