Leading Women To Better Health OB-GYN

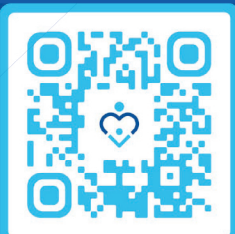

# Fun in the Sun

Doesn't have to stop when  
you're on your period!

*A common myth is that women cannot swim while it's their "time of the month."  
You absolutely can enjoy taking a dip in the water when you are on your period!*

While it is not recommended to swim  
with a sanitary pad in place, both  
tampons and menstrual cups are  
completely safe to use internally.

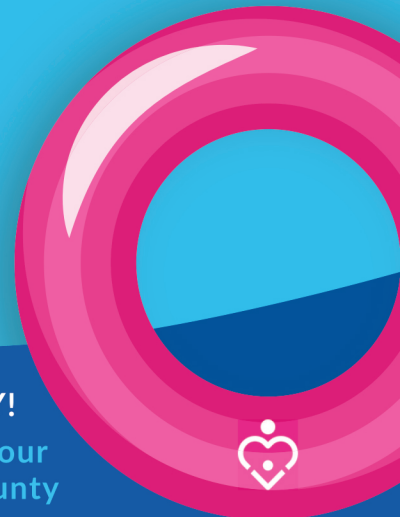

In addition to the concern of potential  
leaking during your period, some are  
also concerned swimming on your  
period is unsanitary, which is a myth!
